**UNBROKEN** is being Co-Produced by **Reavis** and **EMP's Thom Hazaert**, with Engineer/Mixer **Richard Easterling** (**American Head Charge**, **Doll Skin**, **Emporers** and **Elephants**) at Richmond, KY's **THIRD SKY STUDIO**, responsible for recent releases from **American Head Charge** (**Tango Umbrella**), **Doll Skin** (**Furious Fixation**), **Tantric**, and more.

The intense album was rendered by legendary comic/horror artist **Mister-Sam Shearon**, responsible for artwork for **Rob Zombie**, **Fear Factory**, **Rammstein**, **Iron Maiden**, **Arise In Chaos**, **Clive Barker** (**Books of Blood**, **Hellraiser**), **IDW Publishing** (**KISS**, **MARS ATTACKS**, **THE X-FILES**, **JUDGE DREDD**) and more.

**REAVIS** was co-vocalist for **MUSHROOMHEAD** from 2004 to 2015, and appears on the albums **Savior Sorrow** (2006), **Beautiful Stories for Ugly Children** (2010), and **The Righteous & The Butterfly** (2014), as well as other projects including **TENAFLY VIPER**, which also featured former **Chimaira** bassist Jim LaMarca.

Said **Reavis**, "I am so proud of this project, and being able to come back with an absolutely KILLER record, with KILLER musicians. Anyone who has been a fan of anything I have done previously, is absolutely going to be floored by AKC. Seriously, if you have a dick, this record is going to knock it in the dirt."
